NEWS RELEASE

TO WHOM IT MAY CONCERN:

PLEASE PUBLISH/BROADCAST THE FOLLOWING NEWS RELEASE:

Weight limits will be placed on many of our County Trunk Highways on **Monday, March 7, 2016.**

This suspension is due to the unstable condition of the roadway sub-grades during the spring season while the frost is melting. Overweight permit provisions will be reinstated when sub-grade conditions stabilize. As in the past, single trip permits for loads exceeding statutory weights may be issued by the Highway Department if, in its opinion, no damage will be done to the highway.

Thank you.

Marc A. Holsen,
Manitowoc County
Highway Commissioner
